DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Andy Grubert on 9/27/05.

The application has been amended as follows:

3. In Claim 8, line 1, insert "implemented" between "A computer" and "program apparatus".

Allowable Subject Matter

4. Claims 1-15 are allowed over the prior art of record.
5. The following is an examiner's statement of reasons for allowance: The Prior art does not teach or fairly suggest the subject matter of these claims. Independent Claims 1 and 8, when considered as a whole, are allowable over the prior art of record. Specifically, prior art of record fails to clearly teach selecting a module and automatically visually indicating receiving locations in a graphics window and respective text window, such that the text and graphics

windows that represent the receiving locations are graphically linked as in the Claims 1 and 8.

Dependent Claims 2-7 and 9-15 further add limitations to the allowable subject matter of the respective independent claims, thus are also allowable.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
